Pre-Conclave Workshop

6th IAPSM YLNC 2025 Goa

HEALTH TECHNOLOGY ASSESSMENT (HTA)

5th December 2025

9AM TO 1PM

Department of Community Medicine, 7th Floor Super-Speciality Block, Goa Medical College

Health Technology Assessment (HTA) is a multidisciplinary process that summarizes information about medical, social, economic, and ethical issues related to the use of a health technology in a systematic, transparent, unbiased, and robust manner. With India's growing focus on Universal Health Coverage (UHC) and efficient resource allocation, knowledge and capacity to conduct HTA studies is highly relevant for young academicians and researchers. This workshop aims to build capacity in HTA methods to inform decision-making and policy development in the Indian healthcare system.

Resource Faculty

Brigadier (Dr.) Kunal Chatterjee
Prof & HOD, Dept of Community Medicine
Armed Forces Medical College, Pune

Lt Col (Dr) Kapil Pandya
Associate Professor
Department of Community Medicine , AFMC Pune

Dr Seema Patrikar
Senior Lecturer in Statistics & Principal Investigator, HTAIn Regional Resource Centre
Armed Forces Medical College, Pune

Dr. Madhurima Ghosh
Health Economist at HTAIn Regional Resource Centre
Armed Forces Medical College, Pune

OBJECTIVES

- To introduce the principles and process of Health Technology Assessment.
- To build understanding of economic evaluation methods such as cost-effectiveness, cost-utility, and cost-benefit analysis.
- To provide hands-on exposure to basic decision-analytic modelling for HTA.
- To discuss practical applications of HTA in India's health policy and Armed Forces Medical Services context.

SESSION OUTCOMES

- Participants will understand the key concepts, methods, and steps involved in conducting an HTA.
- Participants will be able to outline and design a basic HTA framework for a health intervention.
- Participants will gain introductory skills in economic evaluation and decision modeling.
- Participants will appreciate the role of HTA in evidence-informed health policy-making.
